**Annual Shari'ah Review Report of**  
**First Equity Modaraba (FEM)**  
**for the year ended June 30, 2023**

*In the name of Allah, The Most Beneficent, The Most Merciful, All praise is due to Allah, and Allah's Peace and Blessings be upon His Final Messenger, his pure family, his noble Companions, and all those who follow them with righteousness until the Day of Judgment.*

I have conducted the Shari'ah review of First Equity Modaraba (FEM), managed by Premier Financial Services (Private) Limited, the Modaraba Management Company for the year ended June 30, 2023, in accordance with the requirements of the Shari'ah Compliance and Shari'ah Audit Mechanism (SCSAM) for Modarabas and report that except the observations as reported hereunder, in my opinion:

- i. The Modaraba has introduced a mechanism that has strengthened the Shari'ah compliance, in letter and spirit and the systems, procedures, and policies adopted by the Modaraba are in line with the Shari'ah principles.
- ii. Following were the major developments that took place during the year:

**Training and Development:**

The key staff of the FEM is fully equipped with Islamic finance tools and industry requirements through training. Moreover, the staff attended the workshops and seminars related to Islamic Finance Tools during the period.

- iii. The agreements entered into by the Modaraba are Shari'ah compliant, the financing/facility agreements have been executed on the formats approved by the Religious Board, and all the related conditions have been met.
- iv. To the best of the information provided to me and according to the explanations given to me, the business transactions undertaken by the Modaraba and all other matters incidental thereto are in conformity with the Shari'ah requirements as well as the requirements of the Prospectus, Islamic Financial Accounting Standards as applicable in Pakistan and the Shari'ah Compliance and Shari'ah Audit Regulations for Modarabas.
- v. The external auditors of the Modaraba after extensive testing have also not reported any diversion from the Shari'ah guideline.

**ANNUAL SHARI'AH REVIEW REPORT OF  
FIRST EQUITY MODARABA (FEM)  
FOR THE YEAR ENDED JUNE 30, 2023**

**Charity:**

No earnings have been realized from the sources or by means prohibited by Shari'ah which could have been credited to charity accounts.

**Observations:**

I have pointed out some issues to be settled in view of SECP Circular No. 8 of 2012 dated 03-02-2012, whereby the Shari'ah Compliance and Audit Mechanism (SCSAM) was introduced.

With reference to the settlement of the issues:

1. In regard to the investment in shares and securities, it has been confirmed that First Equity Modaraba has only Shari'ah Compliant Shares in its portfolio on the reporting date except the shares of companies turned Non-Shari'ah Compliant as per the last accounts due to non-compliance with screening criteria highlighted categorically. On my query, the management confirmed to dispose of all the Non-Shari'ah Compliant Shares as per the regulations. Furthermore, the shares of the companies, whose trading is still suspended, will be disposed of as soon as their trading becomes active.
2. It has been observed that the Modaraba has placed its funds with Islamic Banking institutions or in Islamic Windows of Conventional Banks except for some current accounts in conventional banks which were not closed as they were marked "Dormant" as confirmed by the management.
3. With regard to the Musharakah agreements, they are on the formats as approved by the Religious Board. Two Musharakah Investment Agreements matured during the period. However, the Musharakah Profit is outstanding and the profit working is underway as confirmed by the management.

**Recommendations:**

1. The Non-Shariah Compliant Shares should be disposed of as per the SECP Guidelines for Shariah-Compliant Investing on Pakistan Stock Exchange.
2. All accounts at conventional banks should be closed at the earliest.
3. Profit working should be finalized at the earliest for the Musharakah Agreements matured during the period.
4. The management should continue its endeavor to comply with the rulings of Shari'ah in its business operation and future transactions.

**Conclusion:**

Based on the above-mentioned facts, I am of the view that the business operations of First Equity Modaraba are Shari'ah compliant, to the best of my knowledge.

May Allah make us successful in this world and hereafter and forgive our mistakes.

## REPORT OF THE DIRECTORS OF THE MODARABA COMPANY

The Directors of the Premier Financial Services (Private) Limited, management company of **FIRST EQUITY MODARABA (FEM)**, are pleased to present their report and audited financial statements of the Modaraba together with the consolidated financial statements of the Modaraba and its wholly owned subsidiaries, Apex Financial Services (Pvt) Ltd, Capital Financial Services (Pvt) Ltd and Equity Textiles Limited for the year ended June 30, 2023.

### Financial Results

FEM, incurred loss for the year amounted to Rs. (22.3) million as compared to loss of Rs (6.7) million for the last year translated in a loss per certificate of Rs. (0.43) as compared to Rs. (0.13) last year. The consolidated loss for the year is Rs. (252) million as compared to profit of Rs 204 million. Break-up value per certificate amounted to Rs. 10.12 as against Rs. 10.63 last year.

### Financial Results

	Rupees
Income	4,751,298
Expenses	
Operating Expenses	(26,318,610)
Bank Charges	(62,741)
	(26,381,351)
Operating loss	(21,630,053)
Other Income	115,154
	(21,514,899)
Loss for the year before taxation	(831,069)
Taxation	(22,345,968)
Net loss for the year	(0.43)
Loss per Certificate	(0.43)

### Dividend Distribution

Since the Modaraba sustained loss during the year, consequently there would be no announcement of profit distribution (2022: Nil). However to meet the regulations, date of book closure would be from Saturday December 09 2023 to Wednesday December 20 2023 (both days inclusive)

### Auditors Qualification

Auditors qualified their opinion based on non-compliance of International Financial Reporting Standard relating to adjusting cost to fair value of marketable securities and any profit / (loss) should be taken / charge to profit and loss account for the year amounting to Rs (10.667) million (2022: Rs(77.038) million). Our principal stand for not accepting auditors' qualification is based on the fact that, firstly, we do not foresee that these re-measurements are of permanent nature. Secondly, our Industry was established on the concept to distribute what it earns on yearly basis. The Regulatory changes were brought in and blanket tax exemption earlier given to Modarabas distributing 90% of its profits for the year has been withdrawn. We believe that adjusting cost to fair value would tantamount to distribution of either unrealized capital gain or recovery of cost.

### Our Performance and Future Prospects

In our last annual review, we mentioned change in the business strategy from lending to investment. Stock market did not performed as envisaged. In Pakistan, stock market is always dependent on various factors including, but not limited to, political & economy stability, rupee parity, international oil prices, and interest rate, etc.. Though, Pakistan achieved decent GDP number but our trade & current account remained in deficit and slowly and gradually these gaps were enlarged due to one or the other pretext.

Due to current political and economic issues faced by the country, alongwith various other factors, ETL's last year BMR investments could not yield expected results and ETL sustained a loss of Rs (228m) as compared to a profit of Rs. 234m. This translates into a loss of Rs (9.13) per share as compared to profit per share of Rs 9.38 last year. ETL's book value also decreased substantially to Rs. 46.17 from Rs. 55.05 last year.

With rising current account deficit, rupee parity, increasing oil prices, inflation numbers and increase in policy rate, etc. Pakistan Stock Exchange managed itself, and both KSE-100 and KMI 30 were range bound. Though Monetary Policy Rate increased to 22% and purchasing power has been drastically affected, we believe that this situation will be diluted over a medium term and may take another year or two, to offset this adverse impact.

It is very unfortunate that concept, vision and dream of 1980 whereby a home grown industry was developed in the name of Modarabas and which were given tax exemption through "Modaraba Ordinance, 1980" has been withdrawn through the Finance Bill 2022-2023. Long-term term visions curtailed for short-term benefits. This might be challenged in the Court of Law else it will bring adverse impact on the entire modaraba sector and we may see exits from the sector in the form of Conversion from Modarabas to Companies.

We are pleased to share that our vision on sharia non-compliant listed securities has been recognized in the recently introduced Sharia guidelines by SECP

کارپوریٹ گورننس کے ضابطے:

جیسا کہ پچھلے سالوں کی رپورٹ میں بیان کیا گیا ہے کہ بورڈ نے سیکورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کی جانب سے جاری کردہ ہدایات کے مطابق کارپوریٹ گورننس کو اختیار کرنے کا فیصلہ کیا ہے اور اسے مندرجہ ضابطوں کا حصہ بنایا ہے۔

تمام تر سرگرمیاں اسٹاک ایکسچینج کے مندرجہ ضوابطوں کے مطابق سرانجام دی گئیں۔ نظریاتی اور مقاصدی بیانیے، بنیادی اقدار اور ضابطہ طرز عمل مجلس منتظمہ کی جانب سے تیار و منظور کئے گئے ہیں اور ملازمین کے ساتھ تبادلہ خیال کئے گئے ہیں۔ اہم پالیسیاں جو کہ کارپوریٹ گورننس کے ضابطوں کے تحت درکار تھیں، مرتب کی گئیں اور مجلس منتظمہ کی جانب سے درجہ وار نظر ثانی کی گئیں۔

جیسا کہ کارپوریٹ گورننس کے ضابطے کے تحت درکار ہے، منتظمین انتہائی مسرت کے ساتھ مطلع کرتے ہیں کہ۔

☆ کمپنی کی انتظامیہ کی جانب سے تیار کئے گئے مالی بیانیے، شفافیت کے ساتھ، کمپنی کی موجودہ حالت، عملیاتی نتائج، نقدی کا بہاؤ اور ادائیگی تہدیلیاں پیش کرتے ہیں۔

☆ مضاربہ کی باضابطہ حسابی کتب برقرار رکھی گئی ہیں۔

☆ مالی بیانیوں کی تیاری میں مناسب محاسبی پالیسیاں تسلسل کے ساتھ لاگو کی جاتی رہی ہیں جبکہ محاسبی تخمینہ کاری معقول اور دانشمندانہ فیصلوں پر مبنی ہوتی ہیں۔

ہماری کارکردگی اور مستقبل کے امکانات:

اپنے آخری سالانہ جائزے میں، ہم نے قرض دینے سے لے کر سرمایہ کاری تک کاروباری حکمت عملی میں تبدیلی کا ذکر کیا ہے۔ سٹاک مارکیٹ نے توقع کے مطابق کارکردگی کا مظاہرہ نہیں کیا۔ پاکستان میں، اسٹاک مارکیٹ ہمیشہ مختلف عوامل بشمول سیاسی اور اقتصادی استحکام، روپے کی برابری، تیل کی بین الاقوامی قیمتیں، اور شرح سود وغیرہ پر منحصر ہوتی ہے۔ اگرچہ پاکستان نے GDP کی معقول شرح نمو حاصل کی لیکن ہمارا تجارتی اور کرنٹ اکاؤنٹ خسارے میں رہا اور آہستہ آہستہ یہ فرق کسی نہ کسی وجہ سے بڑھتا گیا۔

ملک کو درپیش موجودہ سیاسی اور معاشی مسائل کے باعث ETL کی گزشتہ سال کی BMR سرمایہ کاری دیگر مختلف عوامل کے ساتھ شاندار نتائج حاصل نہ کر سکی اور ETL کو گزشتہ سال کے منافع مبلغ 234 ملین روپے کے مقابلے میں مبلغ (228) ملین روپے کا خسارہ ہوا۔ جس کی تشریح کی جائے تو یہ گزشتہ سال کے فی حصص آمدنی مبلغ 9.38 روپے کے مقابلے میں مبلغ (9.13) روپے فی حصص آمدنی ہے۔ ETL کی بک ویلیو بھی گزشتہ سال کے مبلغ 55.05 روپے سے کم ہو کر مبلغ 46.17 روپے ہو گئی۔

بڑھتے ہوئے کرنٹ اکاؤنٹ خسارے، روپے کی برابری، تیل کی قیمتوں میں اضافہ، افراط زر کی تعداد اور پالیسی ریٹ میں اضافہ وغیرہ کے ساتھ پاکستان اسٹاک ایکسچینج انڈیکس، KSE-100 اور KMI 30 تک محدود رہا۔ اگرچہ مانیٹری پالیسی کی شرح بڑھ کر 22 فیصد ہو گئی ہے اور قوت خرید بہت زیادہ متاثر ہوئی ہے، لیکن ہم سمجھتے ہیں کہ یہ صورت حال درمیانی مدت میں کم ہو جائے گی اور اس منفی اثرات کو دور کرنے میں مزید ایک یا دو سال لگ سکتا ہے۔

انتہائی افسوس کی بات ہے کہ 1980 کا تصور، نظریہ اور خواب جس کے تحت مضاربہ کے نام پر ہوم گراؤنڈ انڈسٹری بنائی گئی تھی اور جسے ”مضاربہ آرڈیننس 1980“ کے ذریعے ٹیکس پر چھوٹ دی گئی تھی، اسے فنانس بل 2022-2023 کے ذریعے واپس لے لیا گیا ہے۔ قلیل مدتی فوائد کے لیے طویل مدتی تصورات کو کم کیا گیا۔ اسے عدالت میں چیلنج کیا جاسکتا ہے بصورت دیگر یہ پورے مضاربہ سیکٹر پر منفی اثرات مرتب کرے گا اور ہم اس سیکٹر سے مضاربہ سے کمپنیوں میں تبدیلی کی صورت میں نکل سکتے ہیں۔

ہمیں یہ بتاتے ہوئے خوشی ہو رہی ہے کہ SECP کی جانب سے حال ہی میں متعارف کرائے گئے شرعی رہنما اصولوں میں شرعی نان کمپلائنٹ لسٹڈ سیکورٹیز کے بارے میں ہمارے نظریہ کو تسلیم کیا گیا ہے۔

شرعی مشیر:

SCSAM کے تحت درکار، FEM کی مالی لین دین باضابطہ نگہداشت کی جا چکی ہیں اور خود مختار شرعیہ ایڈوائزر کے ذریعے محاسبہ کی گئی ہیں جس کی رپورٹ منسلک ہے۔

## ڈائریکٹرز رپورٹ برائے مضاربہ کمپنی

فرسٹ ایکویٹی مضاربہ (FEM) کی انتظامی کمپنی پریمیر فنانشل سروسز (پرائیویٹ) لمیٹڈ کے ڈائریکٹرز اپنی رپورٹ اور مضاربہ کے آڈٹ شدہ مالیاتی بیانیے بمعہ مضاربہ اور اس کی مکمل ملکیتی ادارے ایکویٹی ٹیکسٹائل لمیٹڈ، کیپٹل فنانشل سروسز (پرائیویٹ) لمیٹڈ اور ایکس فنانشل سروسز (پرائیویٹ) لمیٹڈ کے مجموعی مالیاتی بیانیے برائے سال اختتام پذیر 30 جون 2023 پیش کرتے ہوئے مسرت محسوس کرتے ہیں۔

مالیاتی نتائج:

گذشتہ سال کے خسارہ مبلغ (6.7) ملین روپے کے مقابلے میں اس سال مبلغ (22.3) ملین روپے خسارہ ہوا، جس کی تشریح کی جائے تو گذشتہ سال فی حصص خسارہ مبلغ (0.13) روپے کے مقابلے میں اس سال فی حصص خسارہ مبلغ (0.43) روپے بنتا ہے۔ گذشتہ سال کے منافع مبلغ 204 ملین روپے کے مقابلے میں دوران سال مبلغ (252) ملین روپے کا مجموعی خسارہ ہوا۔ گذشتہ سال کے مبلغ 10.63 روپے کے مقابلے میں مبلغ 10.12 روپے کا فی حصص بریک ویلیو تھا۔

(22,345,968)	خالص خسارہ برائے سال
(0.43)	فی سٹریکیٹ خسارہ

منقسمہ/ڈیویڈنڈ کی تقسیم:

چونکہ دوران سال مضاربہ کو خسارہ ہوا ہے جس کے نتیجے میں منافع منقسمہ (2022: کوئی نہیں) کا کوئی اعلان نہیں ہوا۔ تاہم قواعد و ضوابط کو پورا کرنے کے لیے شیئرز انسفر بکس ہفتہ 09 دسمبر 2023 سے بدھ 20 دسمبر 2023 تک (بشمول دونوں ایام) بند رہے گی۔

آڈیٹرز کا تبصرہ:

آڈیٹرز نے رائے زنی کی ہے کہ قابل خرید و فروخت سیکورٹیز کی فیور ویلیو کی لاگت کا حساب کتاب بین الاقوامی اکاؤنٹنگ معیار کی عدم تعمیل کی بنیاد پر ہے اور کسی بھی نفع/نقصان کو اس سال کے نفع/نقصان مبلغ (10.667) ملین روپے (2022 میں مبلغ (77.038) ملین روپے) کی مد میں وصول کیا جانا چاہئے۔ ہمارا آڈیٹرز کے تبصرہ کو قبول نہ کرنے کیلئے اصل موقف یہ ہے کہ پہلا، ہم مستقبل میں ان نقصانات کو مستقل نہیں سمجھتے اور دوسرا ہماری انڈسٹری اس تصور پر قائم کی گئی تھی کہ سالانہ بنیادوں پر جو کچھ کمایا جائے اسے تقسیم کیا جائے۔ ہمارے ریگولیشنز نے یہ لازم بنایا ہے کہ انکم ٹیکس اسٹینڈیڈ کلیم کرنے کیلئے مضاربہ اپنے سٹریکیٹ رکھنے والوں کو نقد ڈیویڈنڈ کی صورت میں سال کیلئے نفع کا 90 فیصد تقسیم کرے گی۔ لہذا فیور ویلیو کو لاگت میں لگانا یا تو ممکنہ سرمایہ کاری کے نفع کے مساوی ہوگا یا پھر لاگت کو وصول کرنے کے برابر ہوگا۔

**TO THE CERTIFICATE HOLDERS OF FIRST EQUITY MODARABA  
REVIEW REPORT ON STATEMENT OF COMPLIANCE  
CONTAINED IN LISTED COMPANIES  
(CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019**

*Page 13*

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 ("the Regulations") prepared by Board of Directors of Premier Financial Services (Private) Limited, the Modaraba Management company of First Equity Modaraba for the year ended 30 June 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of Modaraba Management Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Modaraba's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Modaraba's personnel and review of various documents prepared by the Modaraba Management Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Modaraba Management Company's corporate governance procedures and risks.

The Regulations require the Modaraba Management Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Modaraba Management Company's compliance for and on behalf of the Modaraba, in all material respects, with the requirements contained in the Regulations as applicable to the Modaraba for the year ended 30 June 2023.

## AUDITORS' REPORT TO THE CERTIFICATE HOLDERS

We have audited the annexed balance sheet of FIRST EQUITY MODARABA ("the Modaraba") as at 30 June 2023 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (hereinafter referred to as the financial statements), for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

These financial statements are the Modaraba Company's [Premier Financial Services (Private) Limited] responsibility who is also responsible to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards as applicable in Pakistan and the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by the Modaraba Company, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our qualified opinion and, after due verification, we report that:

- (a) The Modaraba has recorded unrealized remeasurement loss of Rs. 10.677 million, in respect of investment in equity securities classified as financial asset at fair value through profit and loss', in other comprehensive income instead of profit and loss account as required under IFRS 9.

Had the Modaraba recorded the unrealized remeasurement loss to the profit and loss account, its loss for the year would have been increased by Rs. 10.677 million and other comprehensive loss would have been decreased by Rs. 10.677 million.

Except for the matter discussed in paragraph (a) above, in our opinion, proper books of account have been kept by the Modaraba Company in respect of the Modaraba as required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981;

- (b) Except for the matter discussed in paragraph (a) above, in our opinion:

(i) The balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980) and the Modaraba Companies and Modaraba Rules, 1981, and are in agreement with the books of account and are further in agreement with accounting policies consistently applied;

(ii) The expenditure incurred during the year was for the purpose of the Modaraba's business; and

(iii) The business conducted, investments made and the expenditure incurred during the year were in accordance with the objects, terms and conditions of the Modaraba;

- (c) Except for the matter discussed in paragraph (a) above, in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan and give the information required by the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 (XXXI of 1980), and the Modaraba Companies and Modaraba Rules, 1981 in the manner so required and respectively give a true and fair view of the state of the Modaraba's affairs as at June 30, 2023 and of the profit and loss, its comprehensive income, its cash flows and changes in equity for the year then ended; and

- (d) In our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980),

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED JUNE 30, 2023

### 1 LEGAL STATUS AND NATURE OF THE BUSINESS

First Equity Modaraba (the Modaraba) was formed in 1991 under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and the Rules framed there under and is managed by Premier Financial Services (Private) Limited (the Modaraba Management Company), a company incorporated in Pakistan.

The Modaraba is a perpetual, multipurpose modaraba and is able to undertake a variety of fund and fee based activities. These include trading, manufacturing, equity investment and their financing and facilitation. The Modaraba is a Trading Right Entitlement Certificate (TREC) holder of the Pakistan Stock Exchange Limited and is currently operating its brokerage activities in Pakistan Stock Exchange Limited.

The Modaraba is listed on Pakistan Stock Exchange Limited. The registered office of the Modaraba is situated at B-1004, 10th floor, Lakson Square Building 3, Sarwar Shaheed Road, Karachi. The Modaraba has the following wholly owned subsidiary companies.

- Equity Textiles Limited
- Capital Financial Services (Private) Limited
- Apex Financial Services (Private) Limited

### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, the Modaraba Companies and Modaraba Rules, 1981, Trust Deed and directives issued by the Securities and Exchange Commission of Pakistan (the SECP) ('collectively the applicable Modaraba laws, the Modaraba Regulations') together with approved accounting standards as applicable in Pakistan to Modarabas. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) and Islamic Financial Accounting Standards (IFAS) as notified under the provisions of the Companies Act, 2017 and made applicable to modarabas under 'the Modaraba Regulations'. Wherever the requirements of the applicable Modaraba laws, the Modaraba Regulations differ with the requirement of IFRSs, the requirement of collectively the applicable Modaraba laws, the Modaraba Regulations and IFAS shall prevail.

#### 2.2 Basis of measurement

These financial statements have been prepared under the "historical cost convention" except for the revaluation of certain financial assets which are stated at fair value. These financial statements have been prepared following accrual basis of accounting except for cash flow information.

#### 2.3 Functional and presentation currency

These financial statements have been presented in Pakistan Rupees, which is the functional and presentation currency of the Modaraba.

#### 2.4 Significant accounting estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future period effected.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

Judgments made by the management in the application of approved accounting standards, as applicable in Pakistan, that have significant effect on the financial statements and estimates with a significant risk of material judgment in the next year are as follows:

	<b>Note</b>
a) Useful life of depreciable assets/amortizable assets	4.1 & 4.2
b) Impairment of assets	4.1.1, 4.2, 4.4.1 & 4.12
c) Classification of investments	4.4
d) Income tax	4.6
e) Provision for staff gratuity	4.8

## **3 CHANGE IN ACCOUNTING STANDARDS, INTERPRETATIONS AND PRONOUNCEMENTS**

### **3.1 Standards and amendments to approved accounting standards that are effective**

There are certain amendments and interpretation to the accounting and reporting standards which are mandatory to the Modaraba's annual accounting period which began on July 01 2022. However, these do not have any significant impact on the Modaraba's financial reporting

### **3.2 Standards and amendments to approved accounting standards that are not yet effective**

There are certain amendments and interpretations to the accounting and reporting standards that will be mandatory for the Modaraba's annual accounting period beginning on or after July 01 2023. However, these will not have impact on the Modaraba's financial reporting and, therefore, have not been disclosed in these financial statements.

## **4 SIGNIFICANT ACCOUNTING POLICIES**

The principal accounting policies applied in the presentation of these financial statements are set out below.

### **4.1 Fixed Assets**

#### **4.1.1 Tangible**

Fixed assets are stated at cost less accumulated depreciation and identified impairment loss, if any.

Depreciation is charged to income applying the straight line method whereby the depreciable amount of an asset is written off over its estimated useful life. Depreciation is charged at rates stated in note 10.

Depreciation on additions is charged from the month during which the asset is put to use. For disposals during the year, depreciation is charged up to the month preceding the month of disposal.

The assets' residual value and useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

The assets' residual value and useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized. Expenditure incurred subsequent to the initial acquisition of assets are capitalized only when it meets the recognition criteria. The profit or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

The Modaraba assesses at each balance sheet date whether there is any indication that fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in income currently. The recoverable amount is the higher of an assets' fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the assets' revised carrying amount over its estimated useful lives.

### 4.1.2 Intangible

Intangible assets are stated at cost less impairment, if any. The carrying amount is reviewed at each balance sheet date to assess whether it is in excess of its recoverable amount and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount.

### 4.2 Investment property

Property held to earn rentals or for capital appreciation or for both is classified as investment property. The investment property of the Modaraba comprises of office premises and is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on office premises is charged to profit and loss account on the straight line method so as to write off the depreciable amount of office premises over its estimated useful life at the rate defined in note no. 13. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off.

The Modaraba assesses at each balance sheet date whether there is any indication that investment property may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying amounts exceed the respective recoverable amount, assets are written down to their recoverable amount and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its remaining estimated useful life.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

### 4.3 Deferred cost and amortization

The deferred cost is written off over a period not exceeding five years in accordance with the requirements of third schedule of Modaraba Companies and Modaraba Rules, 1981.

### 4.4 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the Modaraba statement of assets and liabilities when the Modaraba becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the income statement.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

## 4.4.1 Financial assets

### Initial Measurement

The Modaraba classifies its financial assets into following three categories:

- measured at amortized cost (AC);
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI);

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

### Subsequent measurement:

Debt Investments at FVOCI	These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, and impairment are recognized in the statement of profit or loss account. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit and loss account.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in the statement of profit and loss account.
Financial assets measured at amortized cost	Financial assets measured at these assets are subsequently measured at amortized cost using the effective amortized cost interest method. The amortized cost is reduced by impairment losses. Interest / markup income, and impairment are recognized in the statement of profit and loss account.
Equity Investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit and loss account.

### Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognize expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortized cost and FVOCI that are not measured at fair value through profit or loss.

Recognition of credit losses is no longer dependent on the Modaraba first identifying a credit loss event. Instead the Modaraba considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Provision of financial assets (i.e Musharaka, Ijarah and Murabaha) is recognized in accordance with the criteria laid down in prudential regulations issued by Securities and Exchange commission of Pakistan (SECP) and is charged to profit and loss account in the period to which it relates.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

### 4.4.2 Financial liabilities

Financial liabilities are initially recognized on trade date i.e. date on which the Modaraba becomes party to the respective contractual provisions. The Modaraba derecognizes the financial liabilities when contractual obligations are discharged or cancelled or expired. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortized cost using effective interest rate method.

### 4.4.3 Investment in subsidiary

Investment in subsidiary is initially recognized at cost. At subsequent reporting dates, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the profit and loss account.

### 4.5 Revenue recognition

- (a) Income from Morabaha/Musharaka transactions is recognized on the basis of pro-rata accrual of the estimated profit earned during the year.
- (b) Dividend income is recognized when the right to receive dividend is established.
- (c) Brokerage commission and fee income is recognized when accrued.
- (d) Profit on PLS deposits is recognized on an accrual basis.
- (e) Capital gains or losses arising on sale of investments are taken to income in the period in which they arise.
- (f) Unrealized income is suspended, where necessary, on non-performing assets (including non-performing net investment in ijarah and murabaha and musharaka finances), in accordance with the requirements of the Prudential Regulations for Modarabas issued by the SECP. Unrealized suspense income is recognized in profit and loss account on receipt basis.

### 4.6 Taxation

#### Current

The charge for current taxation is based on taxable income at the current rates of taxation after taking into account tax credit and tax rebates realisable, if any.

#### Deferred

The Modaraba accounts for deferred taxation on all material temporary differences using the liability method arising between the amounts attributed to assets and liabilities for financial reporting purposes and financial statements used for taxation purposes.

### 4.7 Foreign currency translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the balance sheet date. Transactions in foreign currencies are translated into Pak rupees at exchange rate prevailing at the date of transaction. All non-monetary items are translated into rupees at exchange rate prevailing on the date of transaction or on the date when fair values are determined.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

## 4.8 Retirement benefits

The Modaraba operates an Unfunded Gratuity for its permanent employees who complete the qualifying period of service. Provision has been made in accordance with actuarial recommendations using the Projected Unit Credit Method. The results of current valuation are summarized in Note 7. Actuarial gains / losses are recognized over the average lives of the employees.

## 4.9 Offsetting of financial assets and financial liabilities

A financial asset and financial liability is offset and the net amount is reported in the balance sheet if the Modaraba has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

## 4.10 Provisions

Provisions are recognized in the balance sheet when the Modaraba has a legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and reliable estimate can be made of the amount of the obligation.

## 4.11 Profit distribution to certificate holders

Profit distribution to certificate holders is recognized as liability in the period in which such distribution is announced.

## 4.12 Impairment of Non-financial assets

The carrying amount of Modaraba's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated and impaired losses are recognized in the profit and loss account.

## 4.13 Segment reporting

A segment is a distinguishable component of the Modaraba that is engaged in business activities from which the Modaraba earns revenues and incur expenses and its results are regularly reviewed by the Modaraba's Chief Operating Decision Maker to make decision about resources to be allocated to the segment and assess its performance. Further, discrete financial information is available for each segment.

Based on internal management reporting structure, services provided and products produced and sold, the Modaraba is organized into the following four operating segments:

- Musharaka facility
- Brokerage operation
- Capital market
- Others

Management monitors the operating results of above mentioned segments separately for the purpose of making decisions about resources to be allocated and assessing performance.

## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023**

### **4.14 Earnings per certificate**

The Modaraba presents earnings per certificate (EPC) data for its certificates. Basic EPC is calculated by dividing the profit or loss attributable to certificate holders of the Modaraba by weighted average number of certificates outstanding during the year. Diluted EPC is determined by adjusting the profit or loss attributable to certificate holders and the weighted average number of certificates outstanding for the effects of all dilutive potential certificates.

### **4.15 Related party transactions**

All transactions with related party, if any, are recorded at an arm's length basis.

### **4.16 Cash and cash equivalents**

For the purposes of cash flow statement, cash and cash equivalents comprise cash in hand and cash with banks.

### **4.17 Functional and reporting currency**

Items include in the financial statements are measured using the currency of primary economic environment in which the Modaraba operates. The financial statements are presented in Pakistani Rupees, which is the Modaraba's functional and presentation currency.

### **4.18 Capital Risk Management**

The Modaraba's objective when managing capital is to safe guard the Modaraba's ability to continue as a going concern so that it can provide returns for certificate holders and benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its businesses.

The Modaraba manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Modaraba may adjust the amount of dividend paid to certificate holders or issue new certificates.

The expected gratuity expense for the next year amounted to Rs. 1.562 million. This is the amount by which defined benefit liability is expected to increase.

Risks to which the scheme maintained by the Company is exposed are as follows such as:

**Salary risk**

The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated on the final salary, the benefit amount increases similarly.

**Mortality risk**

The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

**Withdrawal risk**

The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

**9 CONTINGENCIES AND COMMITMENTS**

Modaraba has filed a suit against Samba Bank Limited for the recovery of deposit amounting to Rs. 21 million along with mark up. The matter is pending before the Honorable High Court of Sindh. Management of the Modaraba and its legal advisor are of the opinion that Modaraba has reasonable chance and it appears unlikely that Modaraba may suffer any loss from the same.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

Modaraba and Premier Financial Services (Pvt) Limited have filed a suit against SECP for declaration and permanent injunction before the High Court of Sindh restraining SECP from Inspecting and Investigating the affairs of the both entities. Along with the suit an application was also filed for the grant of ad interim restraining orders which was dismissed vide order dated 08.07.2015 and both entities were directed to associate themselves in respect of the enquiry Initiated against them and fully cooperate with SECP failing which SECP would be at liberty to pass appropriate orders in accordance with law. Against this order, an appeal has been filed.

Modaraba has filed a suit against SECP for declaration and permanent Injunction before the High Court of Sindh restraining SECP from cancelling, lapsing, extinguishing or affecting its Trading Right Entitlement Certificate Issued by Karachi Stock Exchange or any right of the Company under the same and directing SECP to grant permission for incorporating a wholly owned subsidiary company for transfer of the Certificate to such company. The Court passed ad interim orders restraining SECP from taking any coercive action against the Company and to maintain status quo. The matter is at the stage of hearing of applications.

- Operational risk

#### Credit and concentration risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Modaraba's performance to developments affecting a particular industry.

Credit risk of the Modaraba arises principally from the investments, Musharaka/Morabaha receivables, advances, trade deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Modaraba has developed a formal approval process whereby credit limits are applied to its customers. The management continuously monitors the credit exposure towards the customers and makes provision against those balances considered doubtful for recovery.

The Carrying amount of financial assets represents the maximum credit exposure before any credit enhancements. The maximum exposure to credit risk at the reporting date is:

Other receivables	57,954,847	51,774,690
	563,765,820	592,724,251

#### Liquidity risk

Liquidity risk is the risk that the Modaraba will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Modaraba could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Modaraba's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Modaraba's reputation.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

### Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market.

### Operational Risk

Operational Risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Modaraba's operations either internally within the Modaraba or externally at the Modaraba's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behavior. Operational risks arise from all of the Modaraba's activities.

The Modaraba's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its objective of generating returns for certificate holders. The primary responsibility for the development and implementation of controls over operational risk rests with the Board of Directors of the Management Company. This responsibility encompasses the controls in the following areas:

- Requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- Requirements for the reconciliation and monitoring of transactions;
- Compliance with regulatory and other legal requirements;
- Documentation of controls and procedures;
- Requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- Ethical and business standards; and
- Risk mitigation, including insurance where this is effective.

### 28 FAIR VALUE OF FINANCIAL INSTRUMENTS

The Modaraba is of the view that the fair market value of most of the financial assets and financial liabilities are not significantly different from their carrying amounts.

**TO THE CERTIFICATE HOLDERS****AUDITORS' REPORT TO THE MEMBERS**

We have audited the annexed consolidated financial statements comprising consolidated balance sheet of **FIRST EQUITY MODARABA** (the holding company / Modaraba) and its subsidiary companies as at June 30, 2023 and the related consolidated profit and loss account, consolidated statement of comprehensive income, consolidated cash flow statement and consolidated statement of changes in equity together with the notes forming part thereof, for the year then ended. We have also expressed separate opinion on the financial statements of First Equity Modaraba, Apex Financial Services (Private) Limited and Capital Financial Services (Private) Limited except for Equity Textile Limited which were audited by another firm of chartered accountants whose reports have been furnished to us and our opinion is so far as it relates to the amount included for such companies is based solely on the report of such other auditor. These financial statements are the responsibility of the holding company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Our audit was conducted in accordance with the International Standard on Auditing and accordingly included such test of accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Modaraba and, its two subsidiaries named Apex Financial Services (Private) Limited and Capital Financial Services (Private) Limited have charged gain of Rs. 19.165 million (2022 Rs.109,719) , in respect of investment classified as financial asset at fair value through profit and loss, in other comprehensive income instead of profit and loss account as required under IFRS9. Had the Modaraba and two above mentioned subsidiaries charged the loss to the profit and loss account, loss for the year would have increased by Rs. 19.165 million (2022: Rs109,719 million).

In our opinion, except for the effects of the matter described in paragraphs above, the consolidated financial statements present fairly the financial position of the **FIRST EQUITY MODARABA** and its subsidiary companies as at June 30, 2023 and the results of their operations for the year then ended.

**1.5 Consolidation procedures**

**Subsidiaries**

Subsidiaries are all entities over which the group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights or the parent - subsidiary relationship meet the definition as given in section 3 of the Companies Act, 2017. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group and are de-consolidated from the date that control ceases.

**FOR THE YEAR ENDED JUNE 30, 2023**

The purchase method of accounting is used to account for the acquisition of subsidiaries by the group. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any minority interest. The excess of the cost of acquisition over the fair value of the group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the profit and loss account.

**Transactions eliminated on consolidation**

Inter-company transactions, balances and unrealized gains/losses on transactions between Group companies are eliminated.

**Functional and reporting currency of group**

Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the group operates. The consolidated financial statements are presented in Pakistani Rupees which is the functional and presentation currency of all the group companies.

**1.6 Basis of consolidation**

These consolidated financial statements include the accounts of group [First Equity Modaraba and its subsidiary companies, Equity Textile Mills Limited, Apex Financial Services (Private) Limited and Capital Financial Services (Private) Limited - (100% - Holding)]. Financial Statements of subsidiary companies have been consolidated on a line-by-line basis.

All material inter-company balances, transactions and resulting unrealized profit and losses have been eliminated.

**2 BASIS OF PREPARATION**

**2.1 Statement of compliance**

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Act, 2017, Islamic Financial Accounting Standards (IFASs) issued by the Institute of Chartered Accountant of Pakistan, the requirements of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, Modaraba Companies and Modaraba Rules, 1981 and directives issued by the Securities and Exchange Commission of Pakistan (SECP). ## FOR THE YEAR ENDED JUNE 30, 2023

**2.2 Basis of measurement**

These financial statements have been prepared under the "historical cost convention" except for the revaluation of certain financial assets which are stated at fair value. These financial statements have been prepared following accrual basis of accounting except for cash flow information.

**2.3 Functional and presentation**

These financial statements have been presented in Pakistan Rupees, which is the functional and presentation currency of the Group.

**2.4 Significant accounting estimates and judgments**

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under circumstances. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year. The areas involving a higher degree of judgments or complexity or areas where assumptions and estimates are significant to the financial estimates are as follows:

	<b>Note</b>
a) Useful life of depreciable assets/amortizable assets	4.1 & 4.2
b) Impairment of assets	4.18
c) Classification of investments	4.3
d) Income tax	4.11
e) Provision for staff gratuity	4.13

**3 CHANGES IN ACCOUNTING STANDARDS, INTERPRETATIONS AND PRONOUNCEMENTS****3.1 Standards and amendments to approved accounting standards that are effective**

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Group's annual accounting period which began on July 1, 2022. However, these do not have any significant impact on the Group's financial reporting.

**3.2 Standard and amendments to approved accounting standards that are not yet effective**

There are certain amendments and interpretations to the accounting and reporting standards that will be mandatory for the Group's annual accounting periods beginning on or after July 1, 2023. However, these will not have any impact on the Group's financial reporting and, therefore, have not been disclosed in these financial statements.

**FOR THE YEAR ENDED JUNE 30, 2023**

**4 SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**4.1 Fixed assets**

**4.1.1 Tangible**

Fixed assets are stated at cost/revalued amount less accumulated depreciation and identified impairment loss, if any. Capital work-in-progress is stated at cost. Cost of operating fixed assets comprises historical cost, borrowing cost and other expenditures pertaining to the acquisition, construction, erection and installation of these assets.

The Group charges depreciation on the straight line method, whereby the depreciable amount of an asset is written off over its estimated useful life. Depreciation is charged at rates stated in note 19. Full depreciation is charged on additions, except major additions or extensions to production, facilities which are depreciated on pro-rata basis for the duration of use during the year. Group charges depreciation on additions from the month during which the asset is put to use. For disposals during the year, depreciation is charged up to the month preceding the month of disposal. The Group accounts for impairment, where indication exists, by reducing the carrying value to the estimated recoverable amount.

The assets' residual value and useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized. Expenditures incurred subsequent to the initial acquisition of assets are capitalized only when it meets the recognition criteria. The profit or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

The Group assesses at each reporting date whether there is any indication that fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an assets' fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the assets' revised carrying amount over its estimated useful lives.

**4.1.2 Capital work-in-progress**

Capital work-in-progress is stated at cost and consist of expenditure incurred, advances made and other costs directly attributable to operating fixed assets in the course of their construction and installation. Cost also includes applicable borrowing costs. Transfers are made to relevant operating fixed assets category as and when assets are available for use intended by the management.

**4.1.3 Finance lease**

Assets held under finance leases are recognized as assets of the Group at their fair value at the date of acquisition or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.

Financial charges are allocated to accounting periods in a manner so as to provide a constant periodic rate of charge on the outstanding liability.

## FOR THE YEAR ENDED JUNE 30, 2023

Depreciation is charged at rates used for similar owned assets, so as to depreciate the assets over their estimated useful lives in view of certainty of ownership of the assets at the end of the lease term.

Income arising from sale and lease back transactions, if any, is deferred and amortized equally over the lease period.

**4.1.4 Operating lease**

Lease payments under operating leases (net of any incentives received from the lessor) are charged to profit and loss account on a straight line basis over the respective lease term.

**4.1.5 Intangible**

Intangible assets are stated at cost less impairment, if any. The carrying amount is reviewed at each balance sheet date to assess whether it is in excess of its recoverable amount and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount.

**4.2 Investment property**

Property held to earn rentals or for capital appreciation or for both is classified as investment property. The investment property of the Modaraba comprises of office premises and is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on office premises is charged to profit and loss account on the straight line method so as to write off the depreciable amount of office premises over its estimated useful life at the rate defined in note 20. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off.

The Group assesses at each balance sheet date whether there is any indication that investment property may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying amounts exceed the respective recoverable amount, assets are written down to their recoverable amount and the resulting impairment loss is recognized in profit and loss account. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

**4.3 Financial instruments****4.3.1 Financial assets****- Initial Measurement**

The Group classifies its financial assets into following three categories:

- measured at amortized cost.
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI);

**FOR THE YEAR ENDED JUNE 30, 2023**

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

- **Subsequent measurement**

Debt Investments at FVOCI      These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, and impairment are recognized in the statement of profit or loss account. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit and loss account.

Financial assets at FVTPL      These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in the statement of profit and loss account.

Financial assets measured at amortized cost      Financial assets measured at these assets are subsequently measured at amortized cost using the effective amortized cost interest method. The amortized cost is reduced by impairment losses. Interest / markup income, and impairment are recognized in the statement of profit and loss account.

Equity Investments at FVOCI      These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit and loss account.

- **Impairment of financial assets**

IFRS 9's impairment requirements use more forward-looking information to recognize expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortized cost and FVOCI that are not measured at fair value through profit or loss.

Recognition of credit losses is no longer dependent on the Group first identifying a credit loss event. Instead the Group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

**4.3.2 Financial liabilities**

Financial liabilities are initially recognized on trade date i.e. date on which the Group becomes party to the respective contractual provisions. The Group derecognizes the financial liabilities when contractual obligations are discharged or cancelled or expired. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortized cost using effective interest rate method.

**FOR THE YEAR ENDED JUNE 30, 2023**

**4.4 Stores, spares and loose tools**

These are valued at weighted average cost except for items in transit, which are valued at cost comprising invoice value, plus other charges paid thereon. Provision is made for slow moving and obsolete items.

**4.5 Stock-in-trade**

These are valued at the lower of cost and net realizable value except waste, which is valued at net realizable value determined on the basis of contract price. The cost is determined as follows:

Raw materials	Weighted average cost
Work-in-progress and finished goods	Weighted average manufacturing cost including a proportion of production overheads
Waste	Net realizable value

Net realizable value represents estimated selling prices in the ordinary course of business less expenses incidental to making the sale.

**4.6 Trade debts**

Trade debts are carried at the amounts billed / charged which is fair value of consideration to be received in the future. An estimate is made for doubtful receivables based on review of outstanding amounts at the year end, if any. Provision is made against those having no activity during the current period and are considered doubtful by the management. Balances considered bad and irrecoverable are written off when identified.

**4.7 Other receivables**

Other receivables are recognized at nominal amount which is fair value of the consideration to be received in the future.

**4.8 Creditors, accrued and other liabilities**

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received.

**4.9 Revenue recognition**

- (a) Income from Morabaha/Musharaka transactions is recognized on the basis of pro-rata accrual of the estimated profit earned during the year.
- (b) Dividend income is recognized when the right to receive dividend is established.
- (c) Brokerage commission and fee income is recognized when accrued.
- (d) Profit on PLS deposits is recognized on an accrual basis.
- (e) Capital gains or losses arising on sale of investments are taken to income in the period in which they arise.
- (f) Sales are recognized on dispatch of goods to customers, when risk and rewards of ownership are transferred. Scrap sales are recognized at realized amount when delivery is made to customers.
- (g) Profit on investment accounts with Islamic banks is recognized on an accrual basis.
- (h) Rent from investment property is recorded on accrual basis.

**FOR THE YEAR ENDED JUNE 30, 2023**

**4.10 Borrowing cost**

Financing and borrowings are recorded at the amounts received. Financial charges are accounted for on accrual basis. Financial charges on long term financing is capitalized up to the date of commissioning of respective property, plant and equipment acquired out of the proceeds of such long term financing. Other financial charges are charged to profit and loss account in the year in which they are incurred.

**4.11 Taxation**

**4.11.1 Parent company**

- **Current**

The charge for taxation is based on taxable income at current rates of taxation after taking into account tax credits and tax rebates available, if any or minimum tax under the provisions of the Income Tax Ordinance, 2001. For items covered under final tax regime, provision is made according to the final tax rate provided in the Income Tax Ordinance, 2001. The income of Modaraba other than trading income is exempt from tax under Clause 100 of Part I of the Second Schedule to the Income Tax Ordinance, 2001. Provided that not less than 90% of its total profits in the year as reduced by the amount transferred to a mandatory reserve, as required under the provisions of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 or the rules made thereunder, as are distributed amongst the certificate holders.

- **Deferred**

Deferred tax is recognized using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the tax base. This is recognized on the basis of expected manner of the realization and the settlement of the carrying amount of assets and liabilities using the tax rates enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized for all deductible temporary differences and carry forward of unused tax losses, if any, to the extent that future taxable profits will be available against which the deductible temporary differences can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date.

**4.11.2 Subsidiary companies**

- **Current**

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

- **Deferred**

Deferred taxation is accounted for using the balance sheet liability method providing for temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary timing differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

## FOR THE YEAR ENDED JUNE 30, 2023

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the balance sheet date.

Deferred tax is calculated based on the rates that have been enacted or substantively enacted upto the balance sheet date and are expected to apply to the period when the difference arises.

**4.12 Foreign currency translation****Parent company**

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the balance sheet date. Transactions in foreign currencies are translated into Pak rupees at exchange rate prevailing at the date of transaction. All non-monetary items are translated into rupees at exchange rate prevailing on the date of transaction or on the date when fair values are determined. Exchange differences are included in income currently.

**Subsidiary companies**

Assets and liabilities in foreign currencies are translated at the rates of exchange prevailing at balance sheet date or at the contracted rates while foreign currency transactions are recorded at the rates of exchange prevailing at the transaction date or at the contracted rates. Exchange gains and losses are charged to income currently.

**4.13 Retirement benefits****Defined benefit plan**

The Group operates an unfunded gratuity for its permanent employees who complete the qualifying period of service. Provision has been made in accordance with actuarial recommendations using the Projected Unit Credit Method. The results of current valuation are summarized in Note 11 of these financial statements. Actuarial gains / losses are recognized over the average lives of the employees.

**Employee compensated absences**

Compensated absences are accounted for in the period in which the absences are earned.

**4.14 Offsetting of financial assets and financial liabilities**

A financial asset and financial liability is offset and the net amount is reported in the balance sheet if the Group has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

**4.15 Derivative financial instruments**

The Group enters into derivative financial instruments. These are initially recorded at cost and are re-measured to fair value at subsequent reporting dates. Any resulting gain or loss is recognized in current year income. Derivatives with positive market values are included in other receivables and derivatives with negative market values are included in other liabilities in the balance sheet.

**4.16 Provisions**

Provisions are recognized in the balance sheet when the Group has a legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and reliable estimate can be made of the amount of the obligation.

Page 72 **NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2023**

**4.17 Profit distribution to certificates holders**

Profit distribution to certificate holders is recognized as liability in the period in which such distribution is announced.

**4.18 Impairment**

The carrying amount of Group's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated and impaired losses are recognized in the profit and loss account.

**4.19 Segment reporting**

A segment is a distinguishable component of the Group that is engaged in business activities from which the Group earns revenues and incur expenses and its results are regularly reviewed by the Group's Chief Operating Decision Maker to make decision about resources to be allocated to the segment and assess its performance. Further, discrete financial information is available for each segment.

Based on internal management reporting structure, services provided and products produced and sold, the Group is organized into the following four operating segments:

- Musharaka facility
- Brokerage operation
- Capital market
- Textile business
- Others

Management monitors the operating results of above mentioned segments separately for the purpose of making decisions about resources to be allocated and of assessing performance.

**4.20 Related party transactions**

- **Parent**

All transactions with related parties, if any, are recorded at an arm's length basis.

- **Subsidiary companies**

Transactions and contracts with the related parties are based on the policy that all transactions between the Companies and related parties are carried out at an arm's length. These prices are determined in accordance with the methods prescribed in the Companies Act, 2017.

**4.21 Cash and cash equivalents**

For the purposes of cash flow statement, cash and cash equivalents comprise cash in hand and cash with banks net of borrowing considered as being in the nature of financing activities.

FOR THE YEAR ENDED JUNE 30, 2023

**4.23 Capital Risk Management**

The Group's objective when managing capital is to safeguard the Group's ability to continue as a going concern so that it can provide returns for certificate holders and benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its businesses.

The Group manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend paid to certificate holders or issue new certificates.

**4.24 Subsidiary accounting judgment and critical estimates / assumptions**

The preparation of financial statements in conformity with approved accounting standards requires the management to:-

- exercise its judgment in process of applying the Group's accounting policies, and
- use of certain critical accounting estimates and assumptions concerning the future.

These involve critical accounting estimates and significant assumptions concerning the future are discussed below:-

- **Income taxes**

The Companies takes into account relevant provisions of the prevailing income tax laws while providing for current and deferred taxes as explained in notes to these financial statements.

- **Property, plant and equipment**

Management has made estimates of residual values, useful lives and recoverable amounts of certain items of property, plant and equipment. Any change in these estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with corresponding effect on the depreciation charge and impairment loss.

- **Stores and spares**

Management has made estimates for realizable amount of slow moving and obsolete stores and spares items to determine provision for slow moving and obsolete items. Any future change in the estimated realizable amounts might affect carrying amount of stores and spares with corresponding affect on amounts recognized in profit and loss account as provision / reversal.

#### 10.2.1 General description

Employees, after completion of one year of service, shall be entitled for gratuity on leaving the Group's employment. Gratuity shall be paid on the basis of one month's last drawn monthly gross salary for each completed year of service.

Annual provision is based on actuarial valuation, which was carried out as at June 30, 2023 on September 21, 2023 using the Projected Unit Method.

FOR THE YEAR ENDED JUNE 30, 2023

10.2.4 Actuarial assumptions

	----- Rate per anum -----	
Valuation discount rate	13.25%	10.00%
Salary increase rate	16.25%	13.25%

The expected maturity analysis of undiscounted retirement benefit obligation is:

	2 0 2 3
	Un-discounted payments
	----- Rupees -----
2024	160,936
2025	190,321
2026	172,968
2027	223,823
2028	268,087
2029 and onwards	108,698,955

Mortality rates assumed were based on the SLIC 2001-2005 (Standard Llife table for Pakistani insured population) mortality table.

The rates for withdrawal from service and retirement on ill-health grounds are based on industry / country experience.

Reasonable possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amount shown below:

Description	Impact on defined benefit obligation		
	Change in assumptions	Increase	Decrease
	---- (%) ----	----- Rupees -----	
<b>Discount rate</b>	<b>1%</b>	<b>6,336,047</b>	<b>7,279,750</b>
<b>Salary growth rate</b>	<b>1%</b>	<b>7,279,957</b>	<b>6,328,124</b>

The expected gratuity expense for the next year amounted to Rs. 1.562 million. This is the amount by which defined benefit liability is expected to increase.

Risks to which the scheme maintained by the Group is exposed are as follows such as:

**Salary risk:** The risk that the final salary at the time of cessation of service is higher than what was assumed. Since the benefit is calculated on the final salary, the benefit amount increases similarly.

**Mortality risk:** The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

**Withdrawal risk:** The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary

## **18.2 Fair value measurement**

**18.2.1** The Company's factory building, colony building, plant and machinery, gas generator, electric installation and factory equipment were revalued by a professional valuer namely M/s Joseph Lobo (Private) Limited as on June 30, 2021, June 30, 2017 and June 30, 2013 on the basis of market value method. The resulting revaluation surplus aggregating to Rs.343.458 Rs. 231.813 million and Rs. 411.068 million respectively are included in the carrying values of such assets with a corresponding amount appearing as "Surplus on revaluation of property, plant and equipment". Earlier, the revaluation was carried out as on December 31, 2008 by an independent valuer, M/s Iqbal A. Nanjee and Company, Valuators and Surveyors which resulted in revaluation surplus aggregating to Rs. 494.712 million. Fair value of factory building, colony building, plant and machinery, generators, electric installations and factory equipment was based on the valuation carried out on June 30, 2021 by an independent valuer M/s Joseph Lobo (Private) Limited on the basis of market value.

**18.2.2** Assumptions used in determining the fair value of factory building and colony building was considered to be level 2 in the fair value hierarchy due to significant observable inputs used in the valuation, while an assumption in respect of fair value of plant and machinery, generators, electric installations and factory equipment are considered to be on level 3 in the fair value hierarchy due to significant unobservable inputs used in the valuation.

**FOR THE YEAR ENDED JUNE 30, 2023**

**Valuation techniques used to derive level 2 fair values**

Fair value of factory building and colony building was derived using a sales comparison approach. Sale prices of comparable buildings in close proximity are adjusted for differences in key attributes such as location and size of the property. Moreover value of building also depends upon the type of construction, age and quality. The most significant input in this valuation approach is price / rate per square foot in particular locality.

**Valuation techniques used to derive level 3 fair values**

In the absence of current prices in an active market, the fair values of plant and machinery, generators, electric installations and factory equipment were determined by taking into account the following factors:

- Make, model, country of origin and etc.;
- Operational capacity;
- Present physical condition;
- Resale prospects; and
- Obsolescence.

The valuation was considered to be level 3 in the fair value hierarchy due to the above unobservable inputs used in the valuation. Most significant input in this valuation was the current replacement cost which was adjusted against above factors.

**18.2.3** A reconciliation from opening balances to closing balances of fair value measurements categorized in level 3 is provided below:

**40 RISK MANAGEMENT POLICIES AND OBJECTIVES**

**Financial risk management**

The board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group has exposure to the following risks from its use of financial instruments:

- Credit and concentration risk
- Liquidity risk
- Market risk
- Operational risk
- Currency risk

**Credit and concentration risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

Credit risk of the Group arises principally from the investments, musharaka/morabaha receivables, advances, trade deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Group has developed a formal approval process whereby credit limits are applied to its customers. The management continuously monitors the credit exposure towards the customers and makes provision against those balances considered doubtful for recovery.

The carrying amount represents the maximum credit exposure before any credit enhancements. The maximum exposure to credit risk at the reporting date is:

	<b>2 0 2 3</b>	<b>2 0 2 2</b>

	<b>876,704,970</b>	840,428,470

**Liquidity risk**

Liquidity risk is the risk that the Modaraba will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Group could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

### Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market.

### Operational Risk

Operational Risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Group's operations either internally within the Group or externally at the Modaraba's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour. Operational risks arise from all of the Group's activities.

The Group's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its objective of generating returns for certificate holders. The primary responsibility for the development and implementation of controls over operational risk rests with the Board of Directors of the Management Company. This responsibility encompasses the controls in the following areas:

**FOR THE YEAR ENDED JUNE 30, 2023**

- Requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- Requirements for the reconciliation and monitoring of transactions;
- Compliance with regulatory and other legal requirements;
- Documentation of controls and procedures;
- Requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- Ethical and business standards; and
- Risk mitigation, including insurance where this is effective.

**Currency risk**

Foreign currency risk is the risk that the value of financial asset or a liability will fluctuate due to a change in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered into foreign currencies.

**41 FAIR VALUE OF FINANCIAL INSTRUMENTS**

The Group is of the view that the fair market value of most of the financial assets and financial liabilities are not significantly different from their carrying amounts.
